

Dear EAED Colleagues,

We proudly announce the 4th EAED Scientific Research Award (sponsored by 3i Implant Innovations, Spain).

Clinicians and researchers are cordially invited to submit articles regarding the field of esthetic dentistry. All articles will be judged by the EAED Scientific Research Award committee. The authors of the three best articles will be invited to the Spring Meeting in London, England, June 27-29th, 2010 and will receive prize money: First place, € 5.000, Second Place, € 3.000, and € 2.000, for third place. The articles will be published in the European Journal of Esthetic Dentistry (EJED), the EAED's official journal (medline listed).

For this year's competition we welcome undergraduate and graduate students from the dental schools to apply. We ask that you, an Academy member, colleague and teaching professor, to encourage your students to enter the competition.

The deadline for the submission of the articles is Wednesday, March 31st, 2010. You will find the guidelines and submission form on the academy's web site: www.eaed.org.

If you have any questions regarding the 4th Scientific Research Award, please contact: jagil.albia@arrakis.es or joerg.strub@uniklinik-freiburg.de

We ask you to send the EAED Secretary a list of your colleagues (including e-mail addresses), who you feel would encourage their students to take part in our research award's competition. The EAED Secretary will then send out the letter to your colleagues.

We greatly appreciate your help in promoting a wonderful opportunity for a gifted student.

Kind regards,

Prof. Joerg Strub and **Prof. Jaime Gil**
